董事長的話

Taiwan Center - Chairperson's Message

I would like to extend a warm welcome to everyone that came tonight and I also want to thank you for your support of the 2014 Miss Taiwanese American Pageant. Every year, our beautiful and talented Miss Taiwanese Americans serve as community liaisons to promote Taiwan and showcase our Taiwanese culture. I am so proud of their achievements.

We have a lot of candidates showing their interests for this event. This means we have come a long way and we are valued by the Taiwanese American Community. However, only certain numbers can be the finalists. Tonight, we have 11 ladies and you are all winners to me. After 2 months' intensive training, they have learned more about the pageant itself and how to present themselves as ambassadors of Taiwanese Americans. With their intelligence, courage, beauty and talent, we know that they will take pride in Taiwan's unique identity and heritage and be at their best to promote Taiwanese culture.

Lastly, I want to thank all our special guests and sponsors. Without you, we would not be able to accomplish anything. The dedication from many people makes this event successful. I want to thank Chairman Alan Thian, CEO Catherine Yu, and all committee members. Lastly, I want to thank the board members of the Taiwan Center, our hard-working judges, excellent performing artists, and all the volunteers. I hope you will enjoy our wonderful program tonight!

Remark from Chairman of Taiwan Center Foundation of Greater Los Angeles,
Steven Huang

田詒鴻副董事長所組成的團隊，經過半年精心策劃、開會；今天將以最佳的成果呈現給各位觀賞。

台灣會館為什麼要主辦台美小姐之選拔？因為我們認為立足美國，向美國推銷台灣文化，需要有外在美、內在美兼俱的台美人來主導，她們的智慧、氣質、內涵必須是優秀的，而且了解台灣的情勢，讓主流社會對台灣有美好的印象，讓我們能夠融入這個大熔爐。

我非常高興今年有30多位參選者。經過初選，雖然只有十一位佳麗可以參加決選，您的勇氣及智慧是令人佩服，希望有機會您們能多多參與台灣會館的活動，為台灣做出最好的國民外交，向美國社會人士推廣台灣文化。

2013 Miss Taiwanese American Queen

Welcome to the 2014 Miss Taiwanese American Pageant, hosted by the Taiwan Center of Greater Los Angeles. For me, the day of the pageant was the beginning of my journey through wonderful opportunities, cherished memories, and dramatic self-growth.

I was, and still am, honored to have been crowned the 2013 Miss Taiwanese American Queen and chosen to represent our proud heritage and culture.

We set out a goal to spread the word about Taiwan, to show the world how unique and magical our culture is and how it has been a teacher, mother, and home to us. I have had the humbling opportunity represent Miss Taiwanese American and ride on the 2014 China Airlines Rose Parade float which showcased the beauty of Taiwan. The float won the International trophy and reached an important audience beyond our Taiwanese American community. It featured hot air balloons, symbolizing Taiwan's rising dreams and prominence on the global scale. I believe that with Taiwan's rise, we too need to rise together.

Pageant night is only an evening. What you do afterwards will not only reflect what you gathered from the experience, it will also unlock for you innumerable opportunities. I have had the fortune to attend numerous events with my fellow court and ambassadors and have created new and exciting projects with them, including the very first Taiwanese American Idol singing competition. The ladies that I stood next to throughout the year are highly accomplished, possess countless talents, and have such immense potential. I am so privileged to have gotten to know each and every one of them.

These ladies that you have met throughout your training will be competent companions, supportive allies, and life-long friends. Not only will friendships grow, but also self-confidence. I personally stepped out of a very tight knit circle just to attend the pageant. As the year went on, I found that I have accomplished goals that I never would have even dreamt of achieving.

Ultimately, I owe this successful year to the wonderful people at the Taiwan Center for igniting in me the drive, passion, and sentiment that has allowed me to more fully and completely embrace my Taiwanese American heritage. For without their love, support, and guidance, I would not be the brave, courageous, and determined young lady I am today.

To this year's contestants, do not be afraid to expand your horizons. You were each individually chosen based on your intelligence, beauty, achievements, and most of all, your leadership and service to the community. Know that the spotlight is on you because you are special. Use your moment achieve what you could not do before - become an even greater role model and ambassador for the

*Sincerely yours,
Jessica Chen*

Hello everyone! 大家好, my name is Iris Cherng, 程左容. I am 21 years old, 100% Taiwanese, born and raised in Southern California. I grew up in the city of Walnut, where I finished high school with a 4.17 GPA. Before recently graduating from the University of California, Santa Barbara, I served as President of alpha Kappa Delta Phi, the largest international Asian interest sorority. Through this organization, I helped fundraise for Breast Cancer Awareness and volunteered at local senior homes.

Growing up in Southern California, I am a passionate surfer, a determined dancer, and an adventurous world traveler. Three words to describe myself are fun-loving, ambitious, and compassionate.

I am so happy to be a finalist of Miss Taiwanese American, as I hope to represent my homeland and spread Taiwanese cultural awareness to people around the world!

張正誼

Cheng-Yi Chang

Having been born and raised in Taiwan, I grew up with Taiwan's most enriching culture. With the support of my parents, I decided to move to the United States and study at the University of Southern California, where I learned much about the Taiwanese American community. I have since realized how important my hometown and culture has helped shaped me into who I am today. As I have gotten more involved in the Taiwanese American community, I am proud to see that Taiwanese people support and help each other, which is based on their culture of love, sharing, and openness to different things. With my passion for traveling, I am always honored to introduce Taiwan to the people I meet all over the world. I am very grateful for this opportunity to further represent Taiwan's beautiful and enriching heritage.

侯乃文 *Lisa Hou*

I was born in Kaohsiung, Taiwan and immigrated to Arcadia at age 10. I double majored in gerontology and art history at the University of Southern California, then graduated from the USC School of Dentistry in 2012. After completing further advanced dentistry training at Rancho Los Amigos Center working with older and high-risk special needs patients, I am now a Clinical Assistant Professor at USC teaching dental students. I have presented nationally on my dental research, and I'm also in private practice in the Los Angeles area.

I have always been very active in Taiwanese American organizations in school. I was a national board member for the Intercollegiate Taiwanese American Student Associations (ITASA) in college and the president of the Taiwanese Dental Student Association. It is an honor to be a finalist for the Miss Taiwanese American pageant, as it is an opportunity to continue serving the community that raised and supported me all these years.

高佳綺

Jacqueline Kao

The joy I get every day is from hearing the laughter of loved ones after I make a whimsical remark and seeing smiles light up their faces. My name is Jacqueline Kao, an eighteen-year-old high school honors graduate from Diamond Bar, California.

During my time at Diamond Bar High School, I was actively involved in dancing and raising money for the dance department. I was also Director of Activities for Leo Club and part of an organization to help incoming freshmen familiarize themselves with their new environment. This fall, I will be attending University of California, Irvine with a major in Art & Design and Media Communications. I hope to become an interior designer because I believe that the right atmosphere can shape and nurture one's character. I am blessed to have the opportunity to represent Taiwanese Americans through my 2014 pageant experience and bring awareness to how truly stunning Taiwan's culture is!

張丹輝 Darice Chang

Born and raised in Minnesota, I have been an avid participant in the Taiwanese-American community since childhood, whether through attending Chinese School, volunteering with TzuChi, or playing in the Minnesota Chinese Music Ensemble. In 2007 I graduated from the University of Minnesota with a double major in Studio Art and Japanese and a minor in Biology.

Thereafter, I spent a year living in Taiwan teaching English and immersing myself in Taiwanese culture. During my time there I was lucky to have the opportunity to serve as a youth group leader and volunteer with the Healing Hands Service at Taoyuan Female Prison working with HIV-positive inmates. The love and sincerity I witnessed there impressed upon me deeply, and in 2013 I moved to L.A. where the service originated. As Miss Taiwanese-American I hope to share the kindness and spirit of the Taiwanese people with the world. Thank you so much for this opportunity.

Jessica Wu

As a San Diego native and a photography enthusiast, I enjoy capturing the best moments of life through different cultural perspectives. I am currently a college student majoring in Psychology. I aim to progress in a field that will allow me to pursue behavioral analysis and research on youth with abnormal behavior.

I have over six years of experience working with children regarding social and language development, and my fluency in both English and Chinese has benefitted me greatly over many years of community service. After parting from my position as the President of Taiwanese Student Association in high school, I entered this year's Miss Taiwanese American Pageant with the goal of advancing my involvement in the Taiwanese American community. This opportunity has changed me greatly as a person, and I'm thankful for all of this year's participants for making this unique experience a great one.

孫 薇 妮 Winnie Sun

I was born and raised in Taiwan until I immigrated to the United States with my family at the age of ten. I'm a graduate from Glen A. Wilson High School, where I held board positions on the Red Cross and Christian organizations. Having been exposed to both the Taiwanese and American cultures, I feel that my bilingual ability has opened up opportunities to serve my community. Not only do I love to help others, but I also enjoy traveling, playing basketball, designing, and modeling. Aside from the knowledge I have of the two cultures, I also have a supportive family that has greatly influenced me to be a person who is proud of my background. I've learned that life is a climb but the view is great! I want to reach out to my community and hope to further introduce Taiwan to others.

I was born and raised in southern California and moved to Boston five years ago to attend Northeastern University. There I devoted my time to a variety of activities before I graduated with my Pharm. D. from Northeastern in May. I held leadership positions in numerous organizations and was selected as an Albert Schweitzer Fellow. The fellowship gave me a soapbox to help dispel myths of smoking cessation, raise awareness for health risks associated with smoking, and increase cessation rates in an urban community. I also planned a Family Fun and Fitness Day to promote health to families. I recently started my residency at the Veteran Affairs of Loma Linda. In my spare time I enjoy outdoor activities, exploring new areas and cultures, baking, and photography.

I am honored to be one of the Miss Taiwanese American finalists and I look forward to giving my time to and empowering more Taiwanese Americans.

林薇薇 *Daphne Lin*

Born and raised in Southern California, I attended Gabrielino High. During this time, I was heavily involved with cross country and track, where I eventually became co-captain of the team. I also love to sing and performed in various solos and participated in our school's show choir, which won gold ratings at festivals three years in a row. Currently a senior at the University of California, Irvine majoring in biology, I plan to pursue a career in the medical field. I also volunteered in many philanthropy projects such as helping the local zoo build a new home for their animals.

Every time I visit Taiwan I feel the strong sense of family and community from its people. Because of that and the great support from my own family, I want to bring more awareness of the Taiwanese culture to America. I hope that these ideals will help others as well.

陳小天 Taylor Censoprano

My name is Taylor Censoprano. I am originally from the San Francisco Bay area and currently attend University of California, Irvine. As a harp performance major, I aspire to bring beautiful music of all cultures to our community. I am also a member of Mu Phi Epsilon, a professional music fraternity, which advances music around the country.

Being multi-ethnic, I've had the privilege of getting to know Taiwanese, Dutch, and Italian cultures. As descendants of aboriginal families, my amah and mom always taught me that the Taiwanese are patient and loving.

These qualities are applied toward my everyday life, whether I'm volunteering at a school or rehearsing for performances. I am so fortunate to be a part of the Miss Taiwanese American pageant. I have gotten to know so many amazing women who represent Taiwan in the best way possible, and I look forward to helping the Taiwanese American community.

I was born in LA and moved to Taiwan when I was 8 years old. I have had the passion for the arts since my childhood and studied advertising and animation during high school, where I created a 3D animation project that was proudly chosen to exhibit at a design show held at Taiwan World Trade Center. At the show I was inspired by the other creative exhibitors in the field of design and subsequently am now studying Arts and Design at University of Southern California with an emphasis in graphic and intermedia design.

I am also passionate about environmental issues. I love gardening to make my environment eco-friendly. I hope to utilize my skills in design to raise awareness of global warming. It is an honor being a Miss Taiwanese American finalist. I look forward to serving the community and sharing with the world how amazing Taiwanese people are.
